We cordially invite you to participate in launching and activity of new Online Dispute Resolution Network of Asia-Pacific region.

New era of global virtual life good us best chance to settle all legal procedures through internet.

In couple years nearly 90 percent of all international disputes and jurisdictional matters will be resolved distantly.

At this Forum the group of lawyers and mediators together with APEC and APMF organize new Online Network for Dispute Resolution.

International network for online dispute resolution in the Asia-Pacific region will work online in following programs:

1. International online arbitration
2. International online civil court
3. International dispute resolution system under the APEC platform
4. International dispute resolution through the SmartSettle platform
5. United Nations asylum and refugee status - online network in Asia-Pacific
6. United Nations law volunteers online
7. Asia Pacific Information Superhighway Academic Network of United Nations ESCAP program
8. We also intend to launch our web forum for the International network for online dispute resolution for the remote connection of the network participants.

Please fill out Network registration list at your table and representative of our Network will take it now.
